Terroir and winemaking

The grapes thrive in the sunny conditions of the Drôme Valley, sheltered by the foothills of the Vercors. The vineyard is made up of chalky clay soil in small plots, rising to some 700m above sea level. Jaillance's winemakers take meticulous care of their vines, and grapes are

harvested by hand.

The « Clairette de Die » appellation is vinified by the « méthode ancestrale ».

Grape varieties

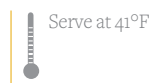

A harmonious blend of three varieties : white and red Muscat with a little added Gamay.

Food pairing

Fruity but not too sweet, this is a fresh, crisp wine, ideal as an aperitif with tapas but equally delicious for dessert.
